NOTE FOR: Deputy Director of Central Intelligence

FROM:

Director, Intelligence Community Staff

25X1

SUBJECT: Comments on NWMP-II Intelligence Working Group Study

Attached for your signature is a memorandum outlining your comments and recommendations to Jim Wade regarding the Executive level briefing given to the NWMP-II Executive Review Board by Ms. Vajta. The memo incorporates views on the study given to us by CIA, NRO, State, and NSA, in addition to our own observations. These views reflect what we believe to be both yours and the Community's major concerns with the project. The memo offers reserved approval with specific RSR reviews, suggests joint assignment of RSR studies to appropriate agencies, and promises continued support by the IC Staff in NWMP-III, NWMP-IV, and so on.
